

Hanging Baskets

These baskets will be in bloom, so you can see the colors you're selecting:

Calibrachoa

Fuschias

Mixed baskets

There will also be 4" potted hardy fuchsia starts. The vendor is selecting the varieties, which will be labeled. An on-the-spot Master Gardener will be happy to help if you want help looking them up on a smart phone for color choices.

Hardy fuchsia starts are not for hanging baskets. These plants are cold-hardy perennial landscape plants that will flower through each summer with beautiful fuchsia blooms covering the bush.
